

The innovative SB[®] connectors provide cost-effective reliability, design flexibility and safety for your products' manufacture, installation and maintenance.

APP's 2 pole connector is available with a 50 amp rating, 600 Volts continuous AC or DC operation. There are SB[®] connectors for many applications and wire sizes, #6 to #16 AWG (13.3 to 1.3 mm²). Mechanical keys ensure connectors will only mate with connectors of the same color. Different color housings are selected to identify voltages, thus preventing mismatching of the power supply system.

FEATURES

• Mechanical keyed housings

Prevents accidental mating of components operating at different voltage levels

• Single-piece housing and unitized construction

Provides industrial quality and durability

• Genderless design

Makes assembly quick and easy and reduces number of parts stocked
